Electronics Recycler Receives National Certification

Ogdensburg, NJ – November 14, 2008 – Back Thru The Future Technology Disposal, a business specializing in proper environmental handling of electronic equipment and secure destruction of electronic records, achieved national certification as a Women's Business Enterprise by the Women Presidents' Educational Organization (WPO), a regional certifying partner of the Women's Business Enterprise National Council (WBENC).

WBENC's national standard of certification, implemented by the WPO, is a thorough process including an in-depth review of the business and site inspection. The certification process is designed to confirm the business is at least 51% owned, operated and controlled by a woman or women.

By including women-owned businesses among their vendors, corporations, and government agencies demonstrate their commitment to fostering diversity and the continued development of their supplier/vendor diversity programs.

About Back Thru The Future Technology Disposal

Established 20 years ago by Melanie J. Haga, Back Thru The Future (BTTF) is an award winning industry leader and pioneer in proper environmental handling of electronics and secure destruction of data storage devices. Physical destruction of electronic media is performed with a meticulous audit trail and documentation system. Clients include Fortune 500 companies, prominent law firms, pharmaceutical, healthcare and financial institutions, as well as federal, state and local government agencies. US-EPA registered, NJ-DEP permitted Class D universal waste recycling facility, NAID AAA Certified. WBE, WBENC.

About WBENC

The Women's Business Enterprise National Council is the nation's largest third party certifier of businesses owned and operated by women in the United States. WBENC is a resource for the more than 700 US companies and government agencies that rely on WBENC's certification as an integral part of their supplier diversity programs.
